Summer Discovery

In 2009, the Jeter's Leaders program formed an exciting partnership with Summer Discovery, one of the preeminent pre-college enrichment programs in the United States. Through the partnership, New York and Kalamazoo Jeter's Leaders are able to participate in collegiate level classes at leading United States colleges and universities. While on campus, students enroll in courses and participate in a wide range of extracurricular activities that give them a sense of what life as a college student would be like. Annually, eight scholarships are offered to the Jeter's Leaders.

"Summer Discovery gave me a better understanding of college life. Summer Discovery provided students with a lot of activities after classes. However, I needed to make sure I had enough time to complete the homework due the next day. This taught me that managing your time in college is very important. There are going to be many times when you are going to have to say no to hanging out because you have homework that needs to be done."

- Gianni, New York Jeter's Leaders, Class of 2014 on his Summer Discovery experience at University of Michigan

"It was great to get the pre-college experience before being an actual college student with the rigorous workload. Everything from picking my classes, to visiting the Dining Hall helped me adapt into the mindset of being in college."

- Lena, New York Jeter's Leaders, Class of 2013 on her Summer Discovery experience at University of California-Santa Barbara

Summer Discovery offers program at the following institutions:
